

# Avian Model Systems 11

11-14 September 2023 - University of Portsmouth (UK) 

## Avian Model Systems 11 Meeting

11 – 14 September, 2023

### Abstract Submission Guidelines

Authors wishing to submit an abstract for **poster** presentation are requested to submit a maximum of **50 words for the abstract title** and **200 words for the abstract text** in English.

**Please note that the submission for oral presentation has now closed.** Abstracts submitted after 24<sup>th</sup> July 2023 will only be chosen for poster presentations.

Please select your primary preference from the categories below: If your work does not seem to exactly fit into one of these categories, then select one which fits most closely in the first instance and then you will be able to select from the other 5 categories in order from the drop-down list on the abstract form.

#### Session Topics

- Stem Cells and Differentiation
- Dynamics of Development
- Avian Immunity, Disease Resistance, Animal Welfare
- New Technologies and Resources
- Comparative Genomics, Evolution, Conservation
- Pharmaceutical and Medical Applications

Posters and talks are selected on the grounds of general scientific worth and not on whether or not they fit into these categories. All presentations must however be broadly relevant to Avian Model Systems.

If you are an **INVITED SPEAKER** then please tick this box on the form and you will not be required to select the session topics as these are not relevant.

All abstracts need to be submitted via the **online abstract submission form**.

When submitting your abstract, please note the following **important instructions**:

- Abstract submission for oral presentation has now closed.

- Without exception, late submissions for poster presentations will not be accepted after Midnight (GMT), Friday 18 August, 2023
- All presenters (poster and oral) will be required to register separately and pay the appropriate registration fee.
- For abstracts where oral presentation is selected, a small number will be chosen for short (15/20 minute) talks. All other submitted abstracts will be accepted as posters.
- Authors will be advised of the decision for oral presentations by end of July, 2023.
- Abstracts selected for an oral presentation can also be presented as a poster.
- Prizes will be awarded to the best poster and the best talk by a student or postdoctoral researcher.

### **Poster Presentations**

- Posters will be on display throughout the conference. There will also be allocated poster sessions.
- Poster boards are **portrait format**, 1.8 metres high and 0.9 metres wide. It is recommended that displays do not exceed 1.5 metres in length.
- Posters can be put up from Monday 11 September 2023 and should be removed by the close of the conference on Thursday 14 September 2023. The organisers cannot be held responsible for any posters left after this time.
