

BSDB/Genetics Society Spring Meeting 2024

Monday 15 April – Thursday 18 April 2024

Abstract Submission Guidelines

Authors wishing to submit an abstract for an oral or poster presentation are requested to submit a maximum of 50 words for the abstract title and 200 words for the abstract text in English.

Oral or Poster Categories

Reconstructing Development
Evolution of Development
Development and Disease
Modelling Development
Evolutionary Genomics
Hormones in Development
Remodelling and Regeneration
Environment and Development
Epigenetics in Development

If your poster does not seem to fit into one of these categories please just pick whichever category seems closest. Posters are selected on the grounds of general scientific worth and not on whether or not they fit into these categories. All posters should however be broadly relevant to developmental biology or genetics.

All abstracts need to be submitted via the online abstract submission form.

When submitting your abstract, please note the following important instructions:

- Without exception, late submissions will not be accepted after **Midnight (GMT), Friday 9 February 2024**
- Authors will be advised of the decision for oral presentations by beginning of March 2024
- All presenters (poster and oral) will be required to register separately and pay the appropriate registration fee
- At the time of submitting your abstract you will be asked to select the type of presentation you would like to give
- For abstracts where **oral presentation** is selected, a small number will be chosen for short (15 minute) talks. All other submitted abstracts will be accepted as **posters**. Abstracts selected for an oral presentation can **also** be presented as a poster.

Poster Presentations

Posters will be on display throughout the conference. There will also be allocated Poster Sessions.

If you intend to submit an abstract for Poster Presentation please note the following:

- Poster boards are 2m high and 1m wide. It is recommended that posters do not exceed 90cm wide and 180cm high.
