

## Genetics Society Autumn Meeting 14th November, 2025 Abstract Submission Guidelines

Authors wishing to submit an abstract for an oral or poster presentation are requested to submit a maximum of 50 words for the abstract title and 250 words for the abstract text in English.

### Oral or Poster Categories

If your poster does not seem to fit into one of these categories please just pick whichever category seems closest. Posters are selected on the grounds of general scientific worth and not on whether or not they fit into these categories. All posters should however be broadly relevant to developmental biology or genetics.

All abstracts need to be submitted via the online abstract submission form.

When submitting your abstract, please note the following important instructions:

- The abstract deadline for short talks is **Monday 30 June, 2025 Midnight (BST)**.
- There will be the option to submit late breaking posters after the deadline of 30 June
- Authors will be advised of the decision for oral presentations by the beginning of August, 2025
- All presenters (poster and oral) will be required to register separately and pay the appropriate registration fee
- At the time of submitting your abstract you will be asked to select the type of presentation you would like to give
- For abstracts where **oral presentation** is selected, a small number will be chosen for short (15 minute) talks. All other submitted abstracts will be accepted as **posters**. Abstracts selected for an oral presentation can **also** be presented as a poster.

### **Poster Presentations**

Posters will be on display throughout the conference. There will also be allocated Poster Sessions.

If you intend to submit an abstract for Poster Presentation please note the following:

- Poster boards are 1.8 metres high and 0.9 metres wide. It is recommended that displays do not exceed 1.5 metres in length.
- Posters can be put up from registration on 14 November and should be removed no later than the last break on 14 November. The organisers cannot be held responsible for any posters left after this time.

If you are a student or postdoc and wish to submit a poster, you will have the opportunity to be considered for a Student/Postdoc Poster Prize. If you would like to be considered, then please indicate this on the abstract form. Please note that you can only be considered for one prize.
